## EMPLOYMENT HISTORY

### Founder & Manager

#### FOTOTRONIA, 2010-2015

I started my own e-commerce project related to photo camera accessories supplier. I placed my products in the main portals of Venezuela, becoming the online store in the first places.

### Advanced Network Support Specialist

#### MOVISTAR TELEFONICA VENEZUELA, JANUARY 2006 - DECEMBER 2010

Telcel C.A. of the Telefónica group: The main cellular communications company in Venezuela.

- **Network Specialist II** at the CCR (Network Control Center). Remote monitoring, control and maintenance of the CDMA cellular base station and telephone exchange network.
- **Network Specialist IV** in CCR Backoffice. Manage the failures in the residential and mobile telephone networks of massive impact on the user.
- **Advanced Support Specialist** in the area of SAR (Advanced Network Support). Manage failures related to international long distance and international roaming.

### Assistant Engineer

#### LUCENT TECHNOLOGIES, JANUARY 2004 - DECEMBER 2005

Lucent Technologies was the supplier of CDMA equipment for Telcel Bell South in Venezuela (main client).

- Remote upload of new features to Telcel Bell South CDMA base stations.
- CDMA support at the CCR (Network Control Center) of the Telcel Bell South Networks department.

### Freelancer

#### JANUARY 2002 - AUGUST 2003

In this period of time I carried out work as freelancer in the installation of GSM base stations, the assembly of the coaxial cable transmission lines and cell site antennas.

### Expert technician

#### AMPER VENEZUELA S.A., JUNE 1999 - OCTOBER 2001

Amper is the main contractor for Telefónica, Spain's large telephone company. Amper ventured into Venezuela in 1998 to try to establish a presence before Telefónica's arrival in Latin America.

- Optimization of Motorola 9600 digital base stations.
- Participation in various projects for the installation of telecommunications equipment.
- In charge of the installation and certification of the structured wiring network, with more than 800 network points, on the bigger Shopping Center of Valencia city, Venezuela.

### Industrial Instrumentalist

#### CEVIVE C.A. (OWENS ILLINOIS GROUP.) , DECEMBER 1997 - AUGUST 1998

I acquired my first solid knowledge in industrial electronics. Mainly in the control and supervision of temperature, pressure and fluid levels.
